

Sep 25, 2021 - HOI2 doomsday-armageddon - some more really weird things this game does, as well as some strong opinions about how it works. I don't think many players are aware that while the main game is currently in pre-launch state and expected to release around September 2021, it won't launch on that date without any significant or serious problems. Since the game was originally intended to be a "rain for everyone", now that it is, it still looks like one of those games that will

eventually "fail" before it's released.
