

## 24' Super Sport Offshore Angler

24' Super Sport O" shore Angler

### NAVIGATE OFFSHORE IN COMFORT & STYLE!

The Wooldridge 24' Super Sport Offshore Angler is a boat with die-hard fishing at the heart of its design. The rear deck offers great space for pulling in the day's catch, and the toe-kick along the sides adds that little bit of confidence you're looking for while leaning out to net that trophy fish. The boat's cabin is all-welded for durability and features a single piece reverse-angle windshield with dual wipers, as well as sliding side windows with integrated screens. Other features include a forward walk-around cabin, a large transom fish box, and a 100-gallon fuel tank as standard. A second helm can be added, along with many other custom options to tailor the boat to your specific fishing and adventure needs. At just over 24', the Angler is spacious enough for extended fishing trips to your favorite fishing grounds, but still manageable for easy towing on your way home. The Angler's 102" beam, 40° deadrise at the bow, and 18° deadrise at the planing surface, along with impressive freeboard options, all comes together to deliver passengers a smooth and stable ride. The offshore engineered hull is built for strength without adding unnecessary weight, ensuring better fuel economy and great open water performance!

The Wooldridge Angler is ready for whatever adventures on your mind!
